WHY ADD YOUR SUPPORT TO THIS PROJECT?

The need: acute.
The community benefit: considerable.
The Project: personal.

You, no doubt, can recall an incident when you, a family member, or friend received treatment in your community hospital's emergency room. Lives often hang in the balance as an ER team performs its duty to delay interaction with immediate health care concerns.

Your support of the 24/7 Emergency Services Expansion will help to ensure that quality care continues in an improved facility that is the main gateway for health services for Van Wert and the surrounding communities.

For additional information, contact Campaign Director Sherry Davis at 419-232-5280 SDavis@vanwerthospital.org
